STONE TOP CARE

Maintenance cream for bathroom and kitchen tops made of natural stone, quartz, or agglomerates

STONE TOP CARE is a product studied for the maintenance of kitchen tops, bathroom tops, and tables made of marble, granite, and marble-resin or silicon-resin agglomerates. **STONE TOP CARE** if used consistently, prevents the formation of stains caused by limescale deposits from water or slight corrosion, it can be removed quite easily with our Showroom repair kit.

BENEFITS
- ✓ Ready to use
- ✓ It provides water-repellency
- ✓ Brings out the surface shine
- ✓ Makes maintenance easier

USES
Suitable for indoor application.
Suitable to be applied on tops and table made of granite, marble, natural stone, quartz and agglomerates.

COVERAGE
15/20 m²/l depending on the surface

APPLICATION EQUIPMENT
Cloth

APPLICATION STEPS
Before applying the product it is necessary taking a preliminary test to evaluate the suitability of the product on an unexposed area or unused piece of material.

Surface Preparation
- Carefully clean the surface, making sure to remove any dust or dirt present.
- Never apply **STONE TOP CARE** to wet or damp surfaces.
- Apply **STONE TOP CARE** to surfaces with a temperature of between +5 and +40°C
- Any surfaces close by not being treated must be protected.

Application
- The product is ready to use. Apply an even, abundant coat of product to a clean, dry surface with the preferred tool, making sure to create an even layer to cover the whole surface being treated.
- Wait for the solvent part in the product to evaporate (around 5 minutes) and then polish the surface again, using a white pad, cloth, or sponge. Use rotary movements until the surface is completely dry.

Resume Surface Use
Once the product has been buffed, it takes 1 hour to dry. After 2-3 hours rinse the surface with water. Once the rinsing has been done resume the use of the surface.

COMPLEMENTARY MAINTENANCE PRODUCTS
To maintain a surface treated with **STONE TOP CARE** use the most suitable Faber cleaner, such as **CONSTANCE CLEANER**, depending on the nature of the surface. To maintain the treatment use **STONE TOP CARE WAX.**
